Acumatica Payroll

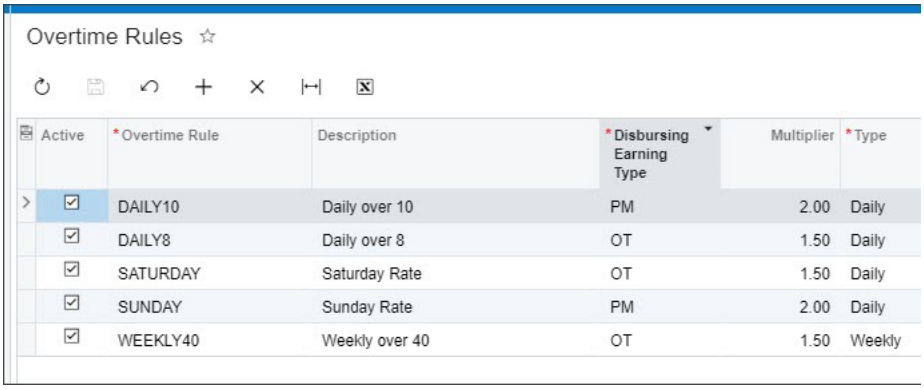

Easily Cut Overhead Expenses and Keep Your Employees Happy with In-House Payroll

True cloud software enables you to run payroll in ways that enhance productivity and increase morale.

As your business has grown, you've invested a significant amount of time and resources in hiring, training, and managing your employees. Having easy-to-use, reliable payroll software for your business will not only help you increase employee morale and productivity, but also help you pay taxes accurately and on time.

Designed for businesses with payroll requirements ranging from simple to sophisticated, Acumatica Payroll delivers pay to employees via check or direct deposit while simplifying payroll setup, processing, and reporting. This solution reduces data entry while increasing the overall accuracy of your data by automatically pulling time entry data entered into Acumatica Employee Portal into the payroll system.

With Acumatica Payroll, you can eliminate the cost of maintaining an interface to an external payroll system and benefit from time flowing seamlessly across Acumatica financials, project accounting, costing, business intelligence, distribution, manufacturing, construction and field service.

Active	*Overtime Rule	Description	*Disbursing Earning Type	Multiplier	*Type
☑	DAILY10	Daily over 10	PM	2.00	Daily
☑	DAILY8	Daily over 8	OT	1.50	Daily
☑	SATURDAY	Saturday Rate	OT	1.50	Daily
☑	SUNDAY	Sunday Rate	PM	2.00	Daily
☑	WEEKLY40	Weekly over 40	OT	1.50	Weekly

Easily configure daily and weekly overtime rules and apply them automatically to checks.

KEY BENEFITS

REDUCE PAYROLL HEADACHES

- Easily pay your employees and manage tax filings.

PROCESS PAYROLL ANYWHERE

- Quickly set up, modify, and report on payroll from anywhere, using any popular web browser.

ACCELERATE DECISION MAKING

- Use out-of-the-box reporting and inquiry screens to access and analyze payroll information easily.

STREAMLINE GOVERNMENT TAXES

- Get timely, accurate updates to all federal, FICA, SWH, and local taxes—all hosted on Acumatica's web tax service with no need for manual downloads.

STREAMLINE GOVERNMENT FORMS AND REPORTING

- Stay in compliance with the ever-changing dates, forms, calculations, rates, and compliance standards from government agencies.
- Use the patented Aatrix eFiling process to eFile more than 330 state and federal forms.
- Simplify the process and save money with quarterly, ACA, and W-2 packages.

Acumatica Payroll

KEY FEATURES

Pay Groups	Set up multiple pay groups so that you can process different pay period schedules (such as weekly, bi-weekly, or semi-monthly) and include different deductions and benefits depending on the specific group and period.
Employee Classes	Set defaults that will apply at the time of employee setup. These defaults include hours worked per week and year, location, WC Code and PTO accrual.
Tax Rates	An outside service provides tax rates at no additional cost to you. This ensures that the tax tables will always be up to date with federal, state, and local taxes.
Payroll Attributes	Payroll attributes track specific items for your state or location, such as information for ACA or W-2s. This gives you significant flexibility about what can be tracked for each state and locality. You can also add company-specific attributes.
Earning Type Codes	Earning type codes are easy to define. Unlike with other systems, you don't need hundreds of pay codes—you can just use a few easy-to-remember earnings codes.
Overtime Rules	Easily configure a list of overtime rules to be applied automatically to your employees' checks. You can set daily or weekly rules, and can use the state, project, or union as additional parameters.
Deductions and Benefits	Track employee deductions as well as the portion paid by the organization. If the deduction and the benefit are related to each other, you can simply enter the information once for both the deduction and the benefit.
Reporting	Use multiple reports right out of the box, and review payroll data quickly through inquiry screens. Get anytime, anywhere access.

ABOUT ACUMATICA
